### Mascara:

- Water-resistant, ultra conditioning formula.
- Apply from base to tip of lashes in an upward motion gently sweeping the brush across the tips of lashes for added definition.
- Never pump your mascara brush, as it may cause the mascara to dry out.
- 2 light coats are better than 1 thick coat; allow 1 minute to dry between applications.
- You should ideally replace your mascara once a month.

*This crystal clear, conditioning aloe vera formula is the perfect way to groom and set your brows.*

### Brow Fix:

- Lifts and accentuates the brow shape.
- Keeps unruly brows in place.

The secret to beautiful shadow application is to blend.

**For eyebrows** - Use a natural tone eyeshadow, ideally one that matches your hair colour, to fill in and define your brows with the Sonya Eye Liner Smudger from the Sonya Brush Collection.
